Subject: RE: Niagara Falls Boulevard Revised Overtime Comp Request Pay Period 13

Eric: Did Mosher approved this OT request for the previous PP. I have some very serious reservations about approving this OT request. Let's talk about this. I need to send this into our main office tomorrow afternoon, so if we can let's talk before the end of today.

Subject: Niagara Falls Boulevard Revised Overtime Comp Request Pay Period 13
Importance: High

Good Evening:

Due to my delay in mobilization one week, I had to push back our planned activities which required OT one week as well. Below is the anticipated overtime based on the schedule I have worked out with property owners, operators and contractors.

-

Travel Date Range: 05/31/2016 through 06/11/2016 (Pay Period 13)

Travel day on 05/31/2016

Overtime Hours Requested:

06/01/16 through 06/03/16: Estimated **2 hours** per day (6 hours OT)

06/04/16 through 06/05/16: Estimated **10 hours** per day (20 hours OT)

06/06/16 through 06/10/16: Estimated **2 hours** per day (10 hours OT)

Total Overtime Hours Requested: 36 Hours

Justification:

OSC Daly will be traveling on 05/31/2016 via GOV to Niagara Falls, NY for Niagara Falls Boulevard Site to oversee brush/tree removal, gamma survey assessment, staging of work trailers, electrical hook up, construction of interior storage space within Greater Niagara Building Center (GNBC) structure, demolition of non-load bearing walls within designated areas within GNBC structure, demolition, removal and staging of concrete flooring of designated areas within GNBC structure, eventual removal and staging of contaminated material beneath original concrete flooring of designated areas within GNBC structure. In order to maximize travel time, resources, EPA funding, property owner scheduling and contractor scheduling, all this work will be conducted continuously within a three week period. It will require at least Ten-10 hour work days to complete this work. Work is necessary to be performed on Saturday, June 4th in order to be prepared for planned concrete jackhammering on Sunday June 5th. GNBC is closed on Sunday which will allow for the noise and prevent disruption to the operators and patrons on the other six days of the week.

Return travel is planned for June 17, 2016 (PP 14)

Regards,

Eric
